

CUPCAKE MENU

Our cupcakes are baked from scratch daily using fresh fruits and quality ingredients. We do not use preservatives, therefore we recommend enjoying our cupcakes the same or next day. There are a variety of 6-10 flavors on display during business hours and are sold on a first come first served basis. There is a minimum of one dozen for cupcake orders. If you would like a variety please call the day before or morning of pick up for the available flavors for the day. All cupcakes are \$2 each (Custom fondant toppers start at \$0.25 & up). We often have flavors of the week or seasonal specials, give us a call or check our Facebook page for updates!
